Alice in Wonderland

A magical journey into imagination · CSS styled project

Lewis Carrol

Born:1832 · **Died:**1898

Lewis Carroll was an English writer, mathematician and logician. He wrote"Alice's Adventures in Wonderland" (1865), a playful, surreal and richly imaginative book that suits strong visual styling.

Story Summary

Alice's Adventures in Wonderland tells the story of Alice,a curious girl who follow a white rabbit down a rabbit hole and enters a strange and fanciful world. The narrative is full of surreal scenes, memorable characters, and short episodic chapters - ideal for creating visually distinct CSS sections and image cards.

Use the float image on the right to show a scene or a cover - it demonstrates float, border, and border-radius in a single element.

Main Characters

Alice

A curious and brave girl who explores Wonderland.

White Rabbit

The anxious, time-obsessed rabbit who leads Alice into Wonderland

Queen of Hearts

A loud and dramatic ruler known for saying"**Off with their heads!**
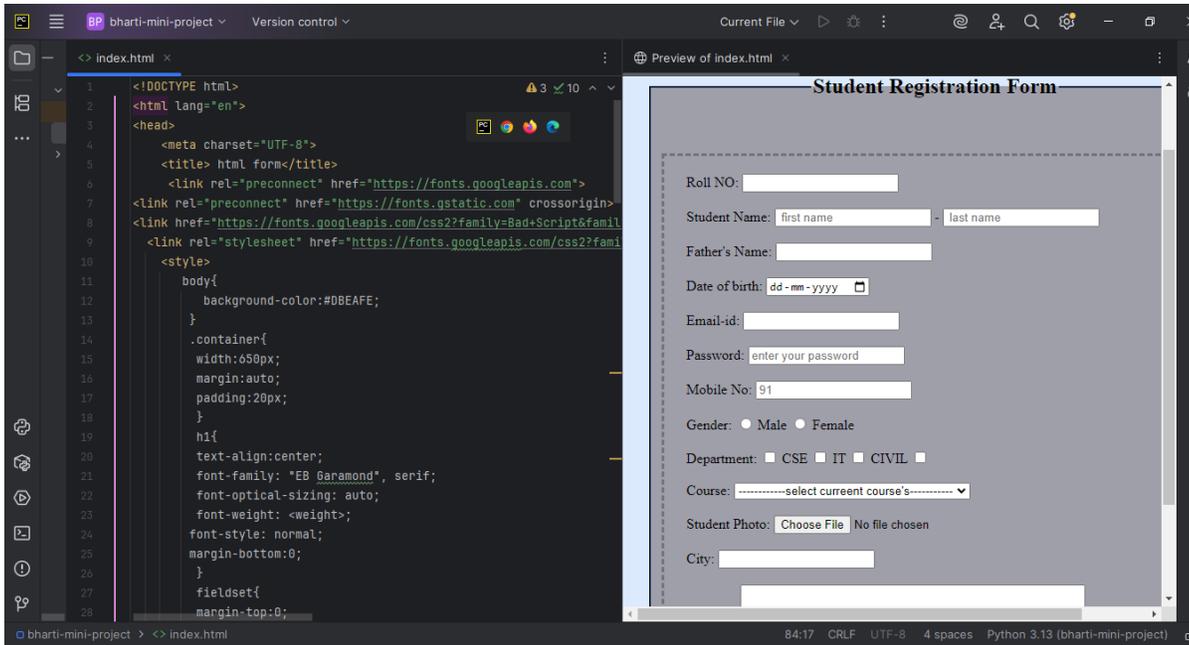

Famous Quotes

- "We're all mad here." - Cheshire Cat
- "Curiouser and curiouser!"
- "Imagination is the only weapon in the war against reality"

Project by (bharti koshle) - built with HTML & CSS (includes box, border, shadow, border-radius, float, display, font-size,font-family, font-color,div, span....)

About Shubhkamna Institute

You Dream, We Deliver

Shubhkamna Institute is committed to delivering
innovative, real-world learning experiences to students.
Our courses are designed to equip students with the
skills needed for success in today's competitive world.

We offer the following courses:

Web Development

Learn how to build modern websites and web applications.

Computer Training

Master essential computer skills for personal and professional use.

VFX (Visual Effects)

Create stunning visual effects for movies, games, and advertisements.

Graphic Design

Design visually appealing graphics for digital and print media.

Digital Marketing

Learn how to promote brands, products, and services online.

Fashion Design

Create and design clothing, accessories, and trends in the fashion world.

2D/3D Animation

Bring characters and environments to life with animation techniques.

Video Editing

Edit and create professional-quality videos for different media platforms.
